

Sales Tax Simplified.

Fully Integrated. Always Accurate.

Sales tax is compulsory, complex and costly for any business. Automating the process saves time, money and effort.

AvaTax Calc dynamically delivers 100,000+ taxability rules and applies them across 17,000+ jurisdictions at the point of transaction, within any ERP or billing system.

Our integration with Encore's Recurring Contract Billing solution ensures your sales tax liability is applied correctly, immediately.

For uninterrupted workflow and improved business efficiency, deploy Recurring Contract Billing by Encore with AvaTax Calc.

Fast

AvaTax applies sales tax calculations as the transaction takes place via a secure, encrypted Internet connection without disrupting your existing workflow. Centralized, secure management means that tax schedules for new locations are automatically assigned and maintained.

Easy

AvaTax integrates seamlessly with existing business systems and takes the guesswork away. Rates are calculated "behind the scenes" and are automatically applied to the transaction. Reports are generated on-demand.

Accurate

Forget about tracking rates, changes in rules and tax holidays. AvaTax continuously updates data, making accurate sales tax calculations available immediately. Minimize audit risk using advanced address validation, sourcing and taxability determination and jurisdiction assignment technology.

Affordable

Redeploy accounting resources and avoid spending time and money on audits and penalties. AvaTax Calc is a scalable, subscription-based Software-as-a-Service (SaaS) offering that is tailored to each customer's specific needs. Ease and speed of integration get you up and running quickly and the cloud-based service eliminates additional hardware costs.
