

Iteration2 Aligns with Encore Business Solutions to Seize Opportunities in Enterprise Solutions Market

Leading Microsoft Solution Providers Join Forces to Meet Escalating Demand of Microsoft Dynamics™ AX, Providing World Class Business Solutions

Winnipeg, Canada – March 14, 2007 – Iteration2 (www.iteration2.com), the award winning provider of enterprise-wide business solutions, announced today they will partner with leading Canadian-based Microsoft solution provider Encore Business Solutions Inc. to extend Microsoft Dynamics™ solutions in new regions. This new strategic partnership is continuing evidence of Iteration2's commitment towards partnering with tier-one partners to provide world class enterprise technology experience and support that meets the needs of customers within and across industries. The Microsoft Gold Certified Partners will primarily focus on engaging new Microsoft Dynamics AX customers and providing services for customers currently operating Microsoft Dynamics AX.

Encore Business Solutions Inc., headquartered in Winnipeg, Manitoba, Canada has been providing value-add business management solutions that expand the functionality of Microsoft Dynamics products for over 16 years (www.encorebusiness.com). Encore offers a full range of financial and business management solutions built on Microsoft Dynamics products with a major focus on ERP software solutions, Microsoft Dynamics™ GP, supply chain management, and business intelligence. Their solutions have served over 600 customers in Canada, over 700 customers in the U.S., and more than 100 customers internationally.

“Proceeding with this partnership represents a significant step for Encore in our strategy to build a Microsoft Dynamics AX presence in the Canadian marketplace,” states Brent Twist, CEO at Encore Business Solutions. “We’ve been carefully preparing for this partnership and are excited about moving forward, taking action and delivering on the promise of this partnership by building further value for our customers.”

“Iteration2’s newly formed partnership with Encore is a significant testament to the increased demand of Microsoft Dynamics solutions,” explains Mike Gillis, President at Iteration2. “There is a significant opportunity in the enterprise solutions market and we intend to combine forces to help customers realize the immense value and potential of Microsoft Dynamics products. Our partnership will offer local and global customers the highest quality solutions and customer service based on solid industry experience. We look forward to developing solutions together, enabling customers to realize the full potential of technology in business.”
