## Encore Business Solutions Celebrates 13 Consecutive Years of Microsoft Dynamics® President's Club Status

**WINNIPEG, MANITOBA, CANADA** - JULY 9, 2008, Microsoft® recently recognized **Encore Business Solutions** with Microsoft Dynamics® President's Club status. President's Club is designed to recognize the top 5% of Microsoft Dynamics partners worldwide for their exceptional commitment and performance. Criteria for this status are designed to drive new license revenue and overall growth, while being recognized as a partner with the highest overall performance. This is the 13<sup>th</sup> consecutive year that Encore has achieved President's Club.

"We'd like to thank **Encore Business Solutions** for their deep commitment to our mutual customers and for building the Microsoft Dynamics business," remarked Kirill Tatarinov, Corporate Vice President, Microsoft. "President's Club represents our top channel partners and reaching this important milestone is a significant accomplishment for Encore's entire team."

"To achieve 13 consecutive years of President's Club has taken much more than pure luck," states, Brent Twist, CEO, Encore Business Solutions. "Over the years the requirements to achieve this status have changed and we've watched as they've become more rigid. Our team is hard working and stays motivated to continue to strive for this status year after year. I'm proud and honored that we continue to be recognized for our dedication and performance."

### About Encore Business Solutions

Established in 1990, Encore Business Solutions Inc. is committed to helping organizations implement value-added technology and business management solutions such as Microsoft Dynamics. As a Microsoft Gold Certified Partner, Encore is among the elite of Microsoft's business partners, earning their highest endorsement.

Built on experience, reputation and genuine commitment to customers and business partners, Encore's strength is in their ability to realize the client's full potential through new business applications, automation, integration and ongoing system reviews.
