Natalie.Armstrong@encorebusiness.com**Encore Business Solutions Wins the Consumers' Choice Award™ for
Business Excellence**

WINNIPEG, MANITOBA, CANADA – July 16, 2008 – Encore Business Solutions is pleased to announce that they have recently won the 2008 Consumers' Choice Award for business excellence in the Computer Consultants category. Encore has received this prestigious award for their outstanding hard work and achievements, supporting their community and for being a positive role model to the Winnipeg economy. This award not only constitutes Encore's achievements, but more importantly it represents the most valuable reward of all, knowing they have earned the trust and loyalty of their customers.

"Winning this award demonstrates our commitment to providing excellent service to our customers, not only in the Winnipeg community but across North America," remarks Brent Twist, CEO, Encore Business Solutions. "It's an honor to be showcased as a business that stands out in a crowd. There is no greater compliment than knowing we've earned the trust and loyalty of our customers and the respect and admiration of our peers, thank you to all those who voted for us."

The Consumers' Choice Award is considered the seal of excellence on the North American business scene. It is unique in North America, as the winners are determined by consumers in the business community and not by a panel of judges. The purpose of these awards is to publically identify the top organizations that have been voted by consumers as being their choice for excellence. Consumers vote for organizations through independent and objective surveys taking into account quality, service, value and appearance.

About Encore Business Solutions

Established in 1990, Encore Business Solutions Inc. is committed to helping organizations implement value-added technology and business management solutions such as; Microsoft Dynamics® GP and Microsoft Dynamics® CRM.
